Description of Change

The only change is in relation to the Manufacturing part number the descriptor for the 915MHz cable has been amended from “H” to “K”. There is no physical/mechanical change.

Schedule

The Estimated Transition Date is the forecast date at which customers should be prepared to receive the changed product with the New Type Number. The exact date depends on Taoglas stock depletion and may be affected by fluctuations in supply and demand. Taoglas will continue to ship the Old Type Number until inventory has been depleted. This may result in product with the Old Type Number being shipped to customers beyond the forecast Estimated Transition Date.
