

Taoglas Brackets and Mounting Accessories

To make it easy for you to install our high-quality antennas, we offer a range of wall, pole and magnetic mounts designed to securely mount the antenna onto different surfaces, such as vehicles, infrastructure and equipment. Our mounts are made from durable materials and are designed to withstand harsh environmental conditions, ensuring reliable and long-lasting performance. Additionally, the magnetic mounts are particularly convenient as they allow for easy and flexible installation and removal of the antenna with non destructive installation. Visit our website for more information.
